

Hope at The Almond Tree

Taster Event

We would like to invite anyone with a learning disability and those who care for them to join us for a coffee, chat and cakes.

We would also like to sing songs and tell stories that share our faith in Jesus.

The Almond Tree was open for many years as a coffee shop but is opening its doors in new ways to support our community.

We hope this taster session might lead to a regular event. The Almond Tree has been creating new opportunities for those who visited as customers over the years and also our new friends.
