

DOCTOR
DOLITTLE
AND THE
MONKEY
MAYHEM

NOT HAVING ME FOR THEIR TEA

The time has come for us to run,
We've gotta get out of here.
We know that look, they plan to cook,
We've gotta get out of here.

They want to eat us,
To gulp us down like peas.
They want to eat us,
There's no eating me,
They're not having me for their tea.
They're not having me for their tea.

We must think fast, and take our chance,
We've gotta get out of here.
We must escape and save those apes,
We've gotta get out of here.

They want to eat us,
To gulp us down like peas.
They want to eat us,
There's no eating me,
They're not having me for their tea.
They're not having me for their tea.

They're not having me for their ...
Not having me for their ...
Not having me for their tea.
